

# BREAST MASSAGE CONSENT FORM

The Texas Administrative Code, Title 25, Part 1, Chapter 141, Subchapter B, Rule 141.5, Paragraph (h) states that this initial consultation document shall include the following information:

A statement of the type of massage techniques to be used in the session.	In this session, lymph drainage therapy and/or body contouring techniques will be applied to the breast and torso area.
The massage therapist will not perform breast massage on female clients without the written consent of the client.	Signing this document signifies written consent to breast massage. (The therapist will also ask for your permission verbally before beginning the session.)
Draping will be used during the session, unless otherwise agreed to by both client and therapist.	For a complete drainage, we will uncover one breast at a time. We can do a partial drainage with both breasts draped at all times.
A statement that if the client is uncomfortable for any reason, the client may ask the therapist to cease the massage, and the therapist will do so.	Signing this document signifies understanding of this statement. As therapist, I also reserve the right to terminate the session in the event of any sort of abusive behavior from the client. If client's misbehavior should result in an abbreviated session, the client will be expected to render full payment.
The parts of the clients body that will be massaged or the areas of the client's body that will be avoided during the session, including indications and contraindications.	This form is supplemental to the Intake and Consent Form. Your signature indicates consent to massage your breasts.

I have read and agree to the above information and requirements.
